Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 10. No. 46. The County Seat Paper NEVADA CITY, CALIFORNIA The GOLD Center MONDAY, APRIL 20, 1936.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

(By H. M. L.)

It is with deep regret that we record the passing of Judge J. M. McMahon of Sierra county. Over an acquaintance of many years we always found his mind to be independent and searching. He earned his admittance to the bar by diligence and hard work and as years added to his experience, he became an outstanding figure in the three mountain counties in which most of his practice was centered. The scion of a pioneer family, he had an instictive understanding of the many problems which confront the descendants of the Argonauts, who still cling to their mountain homes. His warm hearted sympathy went out to the under-dog in many a legal battle and his never failing humor illumined a life of kindliness and good deeds.

While the Nevada City council will seat two new members on April 20, Charles Leiter and Frank Davies, they are by no means untried or inexperienced. Along with James Penrose, re-elected to his seat. Benj. Hall and Karl Kopp, the council consists of five business men, who bring to the city's problems the same ability that they have demonstrated in the conduct of their own businesses. This is as exactly as it should be. The more business men we can persuade to accept public office, the more business-like our administration of government will be. This is true of municipal, county, state and nation. The time may come when business rather than political training will be the criterion of ability in public office. God only knows how many millions, or billions, theorists, politicians and addled crackpots are costing the hard working taxpayers of this country today. Let us pray, brethren, for business leaders in all departments of government, and give thanks that Nevada City has a council of business men.

We strongly suspect that Italy is beginning to find out that its African adventure is just another rainbow chase. One reason Ethiopia has continued to exist as an independent kingdom of savages for so many centuries was because the powerful nations of earth could never find anything there worth grabbing. It was inaccessible to be sure, but in the last century or two, if anything of value was to be had there, it would have been discovered and science would have offered a way to get at it and bring it out. A land that will support several millions of people whose living standards are so rudimentary that no civilized man would or could endure them, has little to offer the hardiest and lowliest of Italian peasantry.

The only thing thus far that Mussolini has accomplished is that age-old device of creating a war to divert the attention of his subjects from their own woes. The soldiers, some 200,000 of them, who are conquering Ethiopia will bear ready witness to their friends and neighbors when they return, that the black kingdom is no place to enjoy life. The altitude, the rains, the flies, and native plagues, combined with the comparatively small area of arable soil, make it the antithesis of a land of Canaan.

Students of the high school are to have an opportunity to be tested for tuberculosis. Whether they can accept that opportunity or not depends upon their parents. We hope that all parents will give authority to make the tests, for tuberculosis is no longer anything to be dreaded, provided only it is discovered in time. It is a universal plague of civilization and, for that matter, of most savage races. Yet in civilized countries, each year it's toll of death diminishes, because medical science has found a way to cope with it successfully.

On Wednesday afternoon will open a series of conferences between Mrs. Jane Barton and Nevada County women, upon "Adventures in Home Making." Every woman will be interested in these afternoon conferences, in which all the new things which make home work easier, cleaner, or more sanitary, or all three, will be discussed by Mrs. Barton. One reason for the increased longevity in American life, is the fact that the work of women, the slavery and drudgery, has been vastly lightened by modern science and invention. These conferences will take place Wednesday, Thursday and Friday afternoons from 2 to 4:30 o'clock, in the Nevada Teatre. All women are given a most cordial invitation to attend. There is no admission charge, and there will be, as noted in the news columns of this issue, several very fine door prizes.

Perusing old family chronicles is sometimes an interesting diversion. For instance we note among the early comers to America, that it very frequently happened that our male ancestors survived to ripe old age, but on the other hand that his helpmeet after bearing anywhere from six to sixteen offspring in rapid order folded up and was carried to the cemetery. Thus our hardy male ancestors sometimes remarried anywhere from two to four times, and when death finally overtook them, they left a considerable colony of children, and, it is to be hoped, were reunited on the other side of Jordan with the spirits of the several beloved who had laid down their burdens earlier in the game. Of course, it was not altogether child bearing that curtailed the lives of these women ancestors. It was the prodigious amount of work a woman was forced to do to feed and clothe her brood, carrying and heating water, milking the cows, swilling the pigs, weaving the cloth, molding the candles, putting down the winter pork, even tanning hides and furs—these were the things that killed women in pioneer days. It is a far cry from those miserable conditions to the three afternoons this week, in the comfortable Nevada Theatre, offered the women of this community, to make still greater strides towards higher standards of living and home dwelling.

Homecraft Institute Equipment Will Be Sold At Auction

As an added feature in the Homecraft Institute the six appliances which will be used on the stage by Mrs. Jane Barton will be sold at the conclusion of the Institute to the highest bidder. Minimum bids have been set at a fraction of the regular price and everyone who bids whether successful or not will be awarded a special discount from the purchase of a similar item.

The beautiful stove, efficient refrigerator, sturdy washing machine, labor saving oriner, artistocratic radio and balanced oil heater are devices that represent the highest standards of quality and workmanship.

Come and hear Jane Barton explain this unusual opportunity at the Homecraft Institute Wednesday, Thursday and Friday (April 22, 23, 24) afternoons, 2 to 4:30 o'clock at the Nevada Theatre. It may be the opportunity you have been looking for to become the owner of such an appliance.

SHERIFF'S POSSE TAKES TRAIL OF LUNATIC NUDIST

Early Saturday morning two women camped on Rock Creek, were doing up the breakfast dishes, following the departure of their husbands to chop wood in the vicinity. One of the women happened to glance toward the forest and beheld a tall man step out into the open, clean shaven but with long flowing hair, clad in a coat of tan. She gave a startled cry of alarm and she and her companion watched the nudist bound away, like a deer, into the forest.

This undoubtedly is same lunatic nudist referred to in last Friday's issue of the Nugget. The sheriff and the deputies, notified by telephone that the man had been seen, gathering such a force as they were able to on short notice, were on the scene a short time later. They found the man's tracks. Apparently he wears shoes or moccasins that give the imprint of straps of leather across the sole, and at times he was fairly easy to track, but once he entered the pine needles all trace was lost.

Sheriff Tobiassen made another search yesterday morning but this also proved futile. Two families who live in cabins in the vicinity report having seen the man.

State Forest Ranger Bill Sharp reports that an excited person called him up and wanted him to muster a crew to surround the area in which the man has been seen, set fire to it and smoke him out. He promptly declined the proposal.

SCHOOL ELECTION SATURDAY

Saturday, April 25 is the date set for the election of school trustees. There will be two members of the school board to vote for, R. J. Bennetts, and J. F. Colley, incumbents, are the unopposed candidates.

HI ALUMNI REUNION ON FOURTH SUGGESTED

It has been suggested that an alumni reunion of the Nevada City high school graduates be held during the 4th of July celebration in this city. The graduates of the school have responded with money in assisting in improving the high school grounds and the reunion would be a fitting event during the holiday as many members who reside at a distance would enjoy meeting classmates.

NEVADA HI BAND TO TAKE PART IN CHICO FESTIVAL

Forty band members of the Nevada City high school are eagerly looking forward to their annual trip to be taken this year to Chico. Next Saturday, these school musicians will leave on the school bus to attend the annual Northern California Music Festival, sponsored by the Northern Sacramento Music Teachers' Association. The festival at Chico is an annual affair, and always draws a large number of music lovers from all parts of California.

More than twenty two bands, nine orchestras, and fifteen choruses from various high schools will play at this festival. Twelve grammar school band-orchestras will also be present. During the day, one huge band will be formed to include a few of the best members of every band present, and as a unit will present two band numbers for the rest of the group.

No prizes are offered at this festival, it being thoroughly non-competitive. A more detailed article concerning the students who will attend, and the two who will be chosen to play in the large festival band, will appear in Friday's Nugget.

TUBERCULIN TESTS FOR 165 HI STUDENTS

Not quite sixty per cent of the members of the student body of the Nevada City high school submitted to the tuberculin test given this morning to those who had obtained signed permission from parents or guardians. Approximately 165 of the students of the local high school were given this first test to ascertain whether or not they were being exposed to the tuberculosis germ.

Wednesday the second test will be made, and will more strongly reveal the presence of any tuberculosis signs. These tests are being sponsored by the Red Cross Association and are being given by Dr. Hummelt, and Miss Ann Zchokke, representative of the Tuberculosis Association of California.

WORK ON HIGH SCHOOL WILL BEGIN TOMORROW

Excavation work for the new $102,000 elementary school building will be completed tomorrow and actual construction work will be begun.

Excavation work for the high school addition and improvements will be also begun tomorrow.

A large auditorium and three classrooms will be added to the present building.

WHISKERS, 49ER STYLE, BLOOM IN NEVADA CITY

Mr. Charles Leiter, chairman of the 4th of July Committee, has planned to hold a meeting in the Chamber of Commerce rooms on Wednesday evening to decide whether or not the City of Nevada will hold a 49'er celebration.

Meanwhile the 49'er spirit seems to be in the air. A number of the local citizens are growing beards, sideburns, and whiskers among them Charles Leiter, Jim Peard, Verne Sandow, Jack Muir, Robert Gates and H. R. Gordon-Ross.

CARD PARTY OF STATE EMPIRE ASSN. SUCCESS

Peach Bowl Chapter, No. 40, of California State Empire Association held a public card party at Memorial Hall in Marysville Friday evening, April 17. Although several other events were scheduled for the same night, 225 attended the State Employees party.

Mr. Jack Bennett of Grass Valley won one of the five door prizes. Card playing began at 8 p. m. High contract prize went to Mrs. P. R. Green, Marysville, being donated by courtesy National Meat Market, Nevada City; Mrs. E. J. L. Peterson, Marysville, second contract prize, courtesy Hartung Jewelry store, of Grass Valley; Miss Ruby Morris, Yuba City won second in auction prize being donated by Dickerman Drug Store, Nevada City.

Whist prizes: Mrs. J. R. Murray, Marysville, prize through Diamond Match, of Grass Valley; Hazel Becker, Yuba City, prize donated by Purity Store, Nevada City; Emily Redhead, prize through courtesy Safeway Store, Nevada City. Mrs. J. H. Bennett, Grass Valley, prize by Penney's Store, Grass Valley; Mrs. J. Arnolde, Marysville, prize by Standard Oil Plant, Grass Valley; Mr. O. Wallace, Yuba City, Shell Oil Plant, Grass Valley. Mrs. W. Mangels, of Marysville, Safeway Grocery, Nevada City. Mr. Filler, Nevada City, through courtesy Garrisons, Nevada City; Mrs. Lykin, Sutter City, courtesy Garrisons, Nevada City. Mrs. Chester Harvey, Grass Valley, Union Oil Plant, Grass Valley; Fred Vierra, Marysville, prize by Rio Grande Service Station, Nevada City; Mrs. J. Murray, Marysville, prize by Garrisons, Nevada City; Chester Harvey, Grass Valley, Prouse Grocery, Nevada City; Dan Vierra, Marysville, prize by Garrisons, Nevada City; C. H. Becker, Marysville, Rio Grande Service station, Nevada City; Ralph Bird, Marysville, Alpha Hardware, Nevada City; Mrs. O. Davidson, Penrose Grocery, Nevada City; Mrs. R. Walden, Marysville, prize by Garrisons, Nevada City; Mrs. Orzalli, Marysville, Garrisons, Nevada City; Mrs. Skeeckert, Marysville, Nevada City Drug Store, Nevada City; T. Wald, Marysville. prize by Standard Oil Company, Grass Valley; Mrs. D. Treanor, Nevada City; Mrs. D. Laughlin, Marysville, Garrisons, Nevada City.

Mrs. Frederick Garrison of Nevada City made and donated a quilt of old fashioned design called "box pattern," all hand made and filled with lambs wool. The quilt was raffled at 25c per chance and was won by Mr. Dewey Gamblin of Soda Springs. Proceeds of this quilt will start a fund for flowers for sick and deceased members.

Refreshments were served after the games. A vote of thanks goes to Mr. Jones Undertaking Parlors, of Yuba City who furnished part of the tables, all the cards, and some chairs. Veterans who loaned tables and chairs and a printing firm for score cards.

People were present from Nevada City, Willows, Williams, Sutter City, Chico, Butte City, Oroville, Grass Valley, Auburn, Georgetown, Roseville, Live Oak, Wheatland, Tahoe City Gridley, Meyers Station, Yuba City and Marvsille.

HIGH SCHOOL P. T. A.

The Nevada City high school Parent Teacher Association will meet at the high school Monday evening at 7:30. Mrs. Phil Harding, the new president. will have charge of the meeting.

Jane Barton Arrives Free Cooking School to Open Wednesday

Mrs. Jane Barton, editor of the Home Economics department of the Pacific Rural Press arrived in Nevada City this afternoon, registering at the National Hotel. She will have charge of the cooking school series of afternoon conferences with the women of Nevada county, which will be held next Wednesday, Thursday and Friday afternoons from 2:00 to 4:30 o'clock in the Nevada Theatre.

There on the state Mrs. Barton will each afternoon prepare and cook many receipes, new, appetizing and delicious.

Mrs. Barton, incidentally, is a graduate of the University of Illinois, where she won her Bachelor of Science degree in Home Economics. Aside from being trained to teach the best way to make homes attractiveand comfortable, and all meals delightful, she is a practical home maker herself.

Her series of conferences are called "Adventures in Home Making" and her talks deal with Homecraft, Laundrycraft and Gardencraft.

Every woman in Nevada County is cordially invited to be the guest of the Pacific Rural Press and the Nevada City Nugget on those afternoons. Dozen of splendid door prizes will be given away. A list of these may be found on page seven of this issue.

Admission to these afternoons of home making chats given by Mrs. Barton and the conferences with her, are absolutely free. Every woman is invited to bring Mrs. Barton her house-keeping problems for discussion and solution.

CHILD OF DEPOT HILL FAMILY IS SUMMONED

CAMPTONVILLE, April 20.—Sorrow settled over the little rough cabin located near the old Pendola Diggings at Depot Hill, five miles north of here in Sierra county, when Harold, the little sixteen months old son of Mr. and Mrs. F. R. Swinehart, passed away at the Nevada City Sanitarium from an attack of pneumonia.

The child had been ill for several days and late yesterday afternoon was rushed to Nevada City but medical attention was unable to save the child's life.

The little boy was one of four children of this family who live with relatives, there being nine children altogether in the one room house. Misfortune befell the family last fall whe nthe father plunged over the grade on the Pendola road and sustained a broken leg, thereby taking the main support of the family out of work.

Interment will be made in the Camptonville public cemetery Monday afternoon at three o'clock. The people of the community extend heartfelt sympathy to the bereaved family.

FORMS FOR WALLS OF CITY HALL ARE BUILDING

Work on Nevada City's new town hall has just been speeded up during the past few days. R. B. Schreck superintendent of construction stated that the basement, which is all cement, is now complete and work has begun on the construction of forms for the walls which will reach the second story. The new city hall will be 44 feet wide by 87 feet long.

HI FRESHMAN NINE BEATS GRAMMAR SCHOOL

The high school freshman baseball team on Friday afternoon played a game with the old boys of the Washington grammar school. At the end of the ninth inning the score was high freshman 16, and grammar school team 9. A feature of the game was the home run batted out by Ellard Gates, freshman captain which brought in three men on bases.

A. M. HOLMES RETURNS FROM STATE BOARD MEET

A. M. Holmes has returned from Los Angeles where he attended a meeting of the State Board of Embalmers and Funeral Directors, of which he is a member. It was the business of the state board at this meeting to revise and reconstruct all the rules and regulations pertaining to the funeral profession.

CONFIRMATION CLASS

The Confirmation class of Trinity church will meet Friday at 7:30 o'clock instead of on Wednesday as previously announced.

Mrs. Sully and Miss Helen Sully of Auburn were Sunday guests at the C. E. Parsons home.

NEW COUNCIL SEATED TONIGHT

The city council will meet tonight, the newly elected councilmen, Frank Davies, Charles Leiter and James Penrose will be officially sworn into office. A mayor for the ensuing year will be elected at tonight's meeting.

CHAMBER MEET IS POSTPONED

The meeting of the Chamber of Commerce which was to have been held this evening, has been postponed until next Wednesday evening. The postponement is due partly to the illness of Fred E. Conner, president of the chamber, who has badly infected leg, and to the inability of several others members to attend. At the meeting of Wednesday evening Charles Leiter, chairman of the Fourth of July committee expects to a full attendance of members of the committee, as several important decisions are to be made. Among others will be the question of determining whether or not a Whiskerino club shall be formed, with all styles of 49er spinach permitted.

GYMNASIUM, TENNIS COURTS FOR STUDENTS

The second tennis court on the high school grounds was completed Saturday. Both courts are first class and the students are showing an increasing in terest in tennis because of them.

An athletic field has been made and a gymnasium will soon be built thus giving Nevada City youth first class recreational opportunities.

SACRAMENTO VISITORS TO GIVE ROTARY PROGRAM

A delegation from the Sacramento Rotary Club is coming up to visit Nevada City's Rotarians at next Thursday's luncheon in the National hotel. The Sacramento visitors will put on the day's program and a real treat is promised the local members of the club .

GRASS VALLEY CHILD HAS SLEEPING SICKNESS

Edward Seghezzi, 3 year old son of Mr. and Mrs. Edward Seghezzi of Grass Valley, has been ill for the last three weeks with sleeping sickness of the type which, rarely, follows an attack of whooping cough.

Dr. Harry N. March said the sleeping sickness is not of the epidemic type. It is the first case of the kind in recorded medical history in Nevada County.

Feeding the patient is accomplished through a stomach tube thrice daily.

Just What Is A Homecraft Institute?

During the past year Jane Barton who has talked to nearly 100,000 women in California has had several hundred inquiries as to just what the Homecraft Institute is. "The best way to find out," says Jane Barton, "is to attend one and see it in operation."

"A Homecraft Institute is a conference of home makers at which their mutual problems are discussed. These include the problems of the kitchen of course, but there isn't a home maker in the world today who doesn't have problems outside the kitchen as well so here are some of the subjects that the Homecraft Institute this year will cover:

What are the best standards to use in selecting and using refrigerators and stoves?

Are there any ways of making housecleaning easier?

What are the principles to follow in arranging pictures to make rooms attractive and homelike?

What is the best way to choose and use washing machines and ironers for good results and economy?

How can I cook rice so that it will be flaky?

How soon should cakes be taken out of pans?

What is a good budget for menus for families in moderate circumstances?

In other words everything that pertains to kitchen craft, or child craft, or decoration craft, or laundry craft or any of the adctivities which constitute the heart of home making is part of the Homecraft Institute's Program."

This Applies To Nevada County

Parents in Placer County should emphasize the danger of playing in the streets and caution their children to be extremely wary before attempting to cross a highway. However, after doing this, a parent must leave his child largely to the fate that lies ahead.

The very nature of children makes many of them impulsive. Their lack of experience prevents effective caution. They will, unknowingly and unintentionally, expose themselves to grave peril. Under the circumstances which are known to all adults, the burden of care rests upon the consciences of automobile drivers.

Public sentiment should compel motorists to proceed slowly and carefully when passing through school zones and by crowded playgrounds. The police power should assist in making effective this public sentiment and drivers should be severely punished for speeding in such zones. It is not enough for a driver to get by without an accident. The public should not stand for motorists who constantly imperil innocent children.

The Record hardly expects that this article will revolutionize the habits of motor car operators. However, if everyone who reads it will begin a little propaganda along this line, the result might save the lives of a few children in Placer County this year, which would be worth while. — Colfax Record.

FEDERAL GOV. TO SPEND $1,400,000 ON LABOR CAMPS

BERKELEY, April 20.—Establishment in California of eight additional migratory labor camps and enlargement of the two present camps has been authorized by the Federal Government, it was announced today at Resettlement Administration ninth region headquarters here by Jonothan Garst, region director.

Sites under consideration include two in Fresno county, to serve Fresno, Kings and Tulare counties; one near Sacramento; one in Kern county two in the Imperial Valley; one in Santa Clara Valley, one in the Salinas Valley and one near Santa Rosa.

Sites were tentatively selected previous to the approval at Washington of the expanded migratory labor camp program. With official authorization received, it is expected that definite decisions on sites will be made in the immediate future.

In the tentative selection of sites first consideration has been given to the need for the camps, Mr. Garst said. Localities where agricultural laborers congregate seasonally in large numbers will be made first choice. Routes of movement are also considered.

Total project authorization for the eight new camps is $1,216,000, or $152,000 for each camp. Enlargement and improvement of the two present camps will bring the total expenditure to $1,400,000. The budget includes the cost of five years' management.

Capacity of the Arvin Camp in Kern county, and the Marysville Camp in Sutter County, successfully operated for six months, will be increased from 100 to 200 families each by increasing the ground area from 20 acres to 40 acres and by additional equipment. With these enlargements, Mr. Garst pointed out, the 10 Federal camps will have a total capacity of 2000 families, or more than 2,000 individuals.

Equipment of the new camps will include nursery, playground, first aid station, auto repair and grease rack, community center, sterilization plant, sanitary units, warehouse, utility buildings, isolation camp, shade arbors.

Additional equipment of the Marysville and Arvin camps will include first aid station, assembly room and nursery, sterilization plant, shade arbor, isolation camp, recreational facilities and playgrounds, auto repair and grease rack.

This expansion of the program, Mr. Garst said, was decided upon after several months' experimental operation of the Marysville and Arvin camps brought favorable reaction from those communities.

LUCKY JANE QUARTZ MINE

Ten men are engaged three shifts on a drifting contract at the Lucky Jane mine near North Bloomfield. The property is under option to Mr. C. E. Clark and associates of southern California.

HIGHWAY DRUNKS INCREASE

Arrests for intoxication while operating motor vehicles on California's rural highways totalled 3318 in 1935, compared with 2523 in 1934 and 884 in 1929.

Seventeen per cent of the persons killed in motor vehicle accidents in California in 1935 lost their lives because the driver or pedestrians involved had been drinking prior to the crash, according to California highway patrol.

GOOD SERVICE COSTS NO MORE

A modern establishment—a trained, intelligent and courteous personnel — distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

MONTGOMERY WARD

STATE WRESTLES WITH "TIN CAN" TOURIST INFLUX

(By RALPH H. TAYLOR)

"Tin-can. tourists" caravans—the drab covered wagons of drought and depression—streamed into California in record breaking procession during the last six months of 1935, bringing more than 50,000 "persons in need of manual employment" to add to the state's itinerant labor problem.

In total, 53,374 desitute and unemployed crossed into California during the six month period in the wheezing derelicts of the second-hand car lots, according to records of the border stations of the state department of agriculture.

Of this number, 43,180 were in cars bearing out of state license plates—largely from the "drought states" of the Great Plains. And 10,194 were California nomads returning after seasonal work—or unsuccessful searching for work—in the neighboring states.

Still other thousands, equally in need of work or government relief, came by bus and "blind baggage," with no accurate check available on the extent of this migration.

The border station counts established conclusively that California is catching the brunt of the migration from drought areas. Seventy-five per cent of the immigrants classified as "in need of manual employment" came from the so-called "drought states," with six of these states, Oklahoma, Texas, Arizona, Arkansas, Missouri and Kansas—furnishing 50 per cent of the total.

Most of the refugee migrants were rural folk from farms and small towns, according to the state survey, with the state of Oklahoma, despite its small population, topping the list. Cars carrying Oklahoma license plates brought 7,138 in the needy class to California during the half year period. Texas, next in line, sent 3,560 to California in search of work or support; Arizona, 3,467; Arkansas, 2,786; Missouri, 2,428; Kansas, 2,257; Colorado, 1,659; New Mexica, 1,597; Nebraska, 1,292; Idaho, 1,188. All in all 32,312 came from the 19 states hard hit by the drought.

Undoubtedly a great many of those who entered California in cars bearing Arizona license plates, and some in New Mexico licensed cars, originated in states farther east, as many of the migrants stopped for work and a "grubstake" in states along the way.

The peak of the migration was during the period from August 15 to September 15, just preceding the peak demand for farm labor in California.

Still another interesting sidelight on the migration is the fact that 47,777 of the immigrants were classified as "white," 3,382 were Mexicans; 1,211 Filipinos; 577 negroes, and 427 of other races.

Although the combined itinerant labor and refugee migration to California constituted only about 5 per cent of the total number of passengers of all classes who entered California by motor vehicle during the six months period, the influx, when taken with the hundreds of thousands of unemployed who had previously sought refuge here, represents a serious problem both to agriculture and to government relief agencies.

Certainly it gives point to California's demand for further federal relief funds to augment state funds for the care of the unemployed and destitute.

California, in the matter of relief is in the group of states which have done the most themselves for relief within their borders and which have had the least help—proportionately—from the federal government. Yet without doubt, California is caring for more refugees from stricken areas than any other state—with the migration still in full flood.

RELIEF HILL GRAVEL MINE

According to reports gravel is being treated for gold recovery at the Relief Hill gravel mine near North Bloomfield. Owing to a wet season there is an abundance of water and splendid results are being obtained in handling a big yardage of gravel. Ten men are employed about 20 hours per day, under C. E. Clark, who is operating the property.

Mr. and Mrs. Clay Epperson and son of Bakersfield arrived in Nevada City early Friday morning and left Saturday morning with Mrs. Epperson's parents, Mr. and Mrs. Charles Guenther, who will visit them for a time.

"Private Property—No Trespassing" signs for sale at the Nugget Office.

Personal

Mr. George Carey, who has been ill at his home on Grove street for several days, was able to be down town today, and while not fully recovered is feeling much improved in health.

In a recent issue of the Humboldt Times, of Eureka appeared an item stating Mrs. Gordon Hadley, associate professor of physical education at Humboldt State College returned to her home from Corvallis, Oregon, where she attended a two day annual convention of the Western Society of the Department of Physical Education for college women. Mr. Hadley is a grandson of Mrs. Clara Scarfe of Nevada City.

Mr. and Mrs. Carl Libbey and daughters, Misses Mary and Ruth, spent part of their Easter vacation in Eureka, Humboldt county, visiting relatives and friends. Mrs. Libbey was formerly supervisor of music in the elementary schools in Eureka and both she and Mr. Libbey were prominent in musical and social circles in that city.

Mrs. Mae Hemsath left today for Sacramento and will go on to Jackson to attend to business matters.

WILLOW VALLEY MINES

It is reported that within the last two or three weeks the Bradley Interests have taken options on the Federal Loan and Joe King properties in the Willow Valley district east of Nevada City. They took over the adjoining Omega quartz claim in Willow Valley last fall and will have quite a large acreage to mine if they have secured the group. There is a 125 foot shaft on the Omega sunk on a medium sized ledge that yields well. Some sampling is being done on the properties, it is stated.

MAURICE WINS PRIZES IN PHOTO EXHIBIT

Maurice Kach, photographer, returned last evening from Sacramento where he attended the convention of the Northern California Photographers association, and with others exhibited his remarkable portraits. He was awarded four ribbons as souvenirs of his exhibit and as a testimonial to the high quality of his work. He received blue, red, yellow and white ribbons, which amounts to a sweepstakes.

Kach will exhibit this prize winning collection in the lobby of the Nevada Theatre during the Homecraft Institute conducted by Mrs. Jane Barton Wednesday, Thursday and Friday afternoons in the Nevada Theatre. He is offering as a door prize a half dozen portraits exemplifying his best work.

Mr. and Mrs. Will Davis Celebrate Anniversary

Mr. and Mrs. Will Davis, who own a home in Willow Valley, came up from Sacramento for the week end. They celebrated their 33rd wedding anniversary April eighth with a delicious turkey dinner, which was also in the nature of a family reunion.

Those present for the delightful occasion were their daughter, Mrs. Alvin Welsh, Mr. Welsh and two sons of Willow Valley; son, Wesley Davis, Mrs. Davis and son, Will, Jr.; and niece, Miss Alice Davis, and Mr. and Mrs. Davis, the latter group from Sacramento.

Wives of Forest Service Officials Honor Mrs. Bigelow

Mrs. W. P. Lee was hostess at a 4 o'clock tea Saturday honoring Mrs. R. L. P. Bigelow whose husband is retiring from superintendency of the Tahoe National Forest on April 30th.

Mrs. Bigelow was presented with a Sheffield silver tray, on which was an emblem of the forest service and an enlarged picture taken in the Tahoe National Forest, by the group who are wives of forest officials or are employed in the office. Mrs. Bigelow responded graciously giving a resume of her life during the 33 years her husband has been in the service.

Tea was served at a prettily arranged table decorated with a profusion of beautiful spring flowers.

Those present were: Mrs. R. L. P. Bigelow, honored guest; Mrs. H. I. Snyder, and Mrs. John Magee, Truckee Mrs. H. A. Land, Sierraville; Mrs. Frank McCaslin, North Bloomfield Mrs. John Hodgson, Big Bend; Mrs. Stanley Fitzsimmons, Mrs. Leslie Land, Mrs. Ray Worthley, Mrs. Stevenson, Mrs. Harold Anderson, Mrs. Cal Christensen, Mrs. L. V. Gregory, Mrs. Mabel Everitt, Mrs. R. Champie, Mrs. Leland Smith, Misses Rickard, Nellie Leonard, Rita Hutchinson and Mrs. W. P. Lee.

Miss Katherine Pauly is Camptonville Hostess

Miss Katherine Pauly was hostess to a group of friends at the Pauly home on Main street Thursday evening, cards and music the prevailing diversion with delightful refreshments at a late hour. The following were in attendance: Misses Dorothy Hays, Harriet Church, Merle Horwege, Mrs. Margarie Hamilton, Katherine Pauly, Bill Jones, Russel Reed and Leland Buckley.

Mr. and Mrs. Earl Conway of San Francisco attended the Townsend Picnic Sunday and were the guests of Mr. and Mrs. J. M. Martin over the week end.

BUNKER HILL MINE REPORTS MILLION NET

Net profit of $1,054,439.64 is reported by Bunker Hill and Sullivan Mining and Concentrating Co. for 1935, Stanley A. Easton, president, Kellogg, Idaho.

Gross sales of ore and metals were $11,245,876.17, production cost was $10,414,703.18 and operating profit $1,104,172.99.

Dividends paid in 1935 totaled $218,842.17 and $672,990.92 was added to surplus account.

Sullivan Mining Co. shows a net overall surplus after allowance for depreciation and depletion, all taxes, certain capital expenditures, cost of mine maintenance and of resumption of mine production. Star mine was put on a regular production basis at the end of the year, for the first time since March 1, 1930.

Production was continued on a profitable basis at the company's wholly owned Crescent mine. A three compartment shaft on the property will eventually be extended to reach very deep areas.

In the company's own mines there was undercut and exposed for mining on January 1, 1936, 2,588,321 tons of ore, slightly in excess of that reported for the preceding year. This tonnage is divided as follows: Bluebird type ore—zinc-lead-silver, 1,608,588 tons, 62.15%; Bunker Hill ore—lead-zinc-silver, 979,733 tons, 37.85%.

New ore, of the latter type has been exposed by development work in unexplored areas to the westward on No. 19 level, 2000 feet below the Kellogg tunnel mill adit level, and in cross cutting eastwardly from the No. 21 bottom level of the mine.

Officers in addition to Easton are D. J. Murphy, first vice president; P. R. Bradley, second vice president; Wm. H. Crocker, treasurer; C. A. Norris, third vice president; and assistant treasurer; J. W. Crosby, secretary; F. W. VanMeter, assistant secretary and auditor; Wm. E. Colby, counsel, all of San Francisco. Directors are S. A. Easton, Wm. H. Crocker, P. R. Bradley, D. J. Murphy and Wm. Houghteling, the first three forming the executive committee.

Constable F. M. Harris and Mrs. Harris, accompanied by their nephew, Harris Mathews, and Mrs. McQuinn, all of San Juan, were Nevada City visitors Saturday.

MOTORISTS FIND IN NEVADA STATE MUCH TO ENJOY

For a neighborly jaunt within easy reach of California motorists, Nevada offers an attractive variety of interesting objectives, scenic appeal, and good roads, according to the Touring Bureau of the California State Automobile Association. Listing a few typical Nevada points of interest, the motorists organization in a descriptive bulletin, tells, for example, of the charms of Pyramid Lake.

"It is only a trip of 33 miles from Reno to Pyramid Lake, over a newly aligned and graveled road that winds among hills aglow with mineral colors ever changing in the swift light of a desert sun. It is a land rich with romantic Indian lore, tales of lost pioneers, steeped in history and legend. At the end of the trail is a wonderful view of a deep blue lake in a colorful setting, surrounded by vari-colored pinnacles. The lake teems with big trout. There is the green oasis of a dude ranch and picturesque groups of Indians from the Piute reservation."

Another paragraph deals with the charm of Virginia City, famous ghost town of the Comstock mining boom.

"Virginia City is only 22 miles southeast of Reno, over the mountainous Geiger grade that follows the pioneer trails of yesterday. Many old buildings still stand in Virginia City, rich in historical interest the old county courthouse, the opera house where celebrities such as Booth and Bernhardt and Barrett played, and the old express office through which millions in bullion was shipped. A return to Reno can be made through Gold Hill Canyon and Silver City, thence via Carson City and past Bowers Mansion and the natural wonders of Reno and Steamboat Springs."

Touring attractions that abound on the Nevada side of Lake Tahoe are also emphasized, together with the fact that they are accessible by good roads traversing scenic high Sierra country.

NUGGET ADS PAY

Baker-Durbrow Wedding

On Saturday night, April 18th, in the beautifully decorated Episcopal church in Grass Valley, Miss Cecile Durbrow and Robert E. Baker were united in marriage. The Rev. Charles F. Washburn read the beautiful ceremony and pronounced them man and wife.

The bride, daughter of Mr. and Mrs. William Durbrow of Town Talk and Grass Valley, was given in marriage by her uncle, C. J. Durbrow of San Francisco. Mr. William Durbrow being absent in Washington, D. C. in the interest of the Nevada Irrigation district of which he is manager.

The maid of honor was the bride's sister, Miss Katherine Durbrow of Grass Valley and four bridesmaids attended. They were: Miss Helen Jones of Hollister and Miss Nancy Jones of Nevada City, daughters of Mr. and Mrs. George L. Jones; Miss Virginia Garnet of Willows and Miss Peggy Glide of Davis.

Ray Bauthier of San Francisco was the bridegroom's best man and the attending ushers were: Robert Durbrow of Brentwood, and William Durbrow of Grass Valley, brothers of the bride; William Ball of San Francisco and Maurice Witting of Grass Valley.

Marshall Giselman of Nevada City played Lohengrin's wedding march as the processional music and concluded the service with Mendelssohn's immortal theme.

Out of town family members and close friends and friends in Grass Valley and Nevada City filled the church auditorium to the doors before the hour of the services.

The church ceremony was followed by a reception at the home of the bride's parents at Town Talk, which was attended by relatives of the bridal couple and intimate friends of the bride.

The bride has been honored and entertained at numerous social functions in this city and San Francisco since the announcement of her engagement last December. She attended Willows high school and is a graduate of Miss Burke's school in San Francisco, later attending the University of California where she received her A. B. degree in 1931. Returning to Grass Valley the bride conducted a kindergarten for small children for several seasons and for the past two years has been employed at the office of the Empire-Star Mines company in this city. She is a member of the Kappa Kappa sorority.

The groom is the son of Mr. and Mrs. William R. Baker of San Francisco. His early schooling was received in San Francisco and his secondary education at the University of California in Berkeley. He received his mining engineer's degree at the state institution in 1932 and has been engaged in mining in this district since that time. Formerly mill superintendent at the Plumbago mine near Alleghany in Sierra county, he is now metallurgist for the Spanish mine of the Bradley interests near Washington, Nevada county. In college, Baker was affiliated with the Theta Chi fraternity.

Following a wedding trip, Mr. and Mrs. Baker will make their home at the Spanish mine where a new home was recently completed for them.

LET US CHECK YOUR HOME
COME IN—WRITE—OR PHONE
CHECK COUPON BELOW

Why leave your home at the mercy of the weather? Why have it looking old, drab and dingy when it could be bright, cheerful? Look at the little danger signs--paint peeling off here and there--soon this will mean the sills start to rot and real major repairs have to be done if these things are not attend to. Look at the little leaks that start in the roof and run down the rafters. They rot, they mildew and breed dampness and disease. Sooner or later they will cost a lot of money if they are left to depreciate.

Then, the inside of the house--how bright and cheery it can be made with a little paint and decoration. The walls can be cleaned up, brightened up, the furniture too. It is remarkable what a little money will do.

Send in the free estimate coupon and we will give you an estimate on whatever job you have in mind without obligations on your part. Just check the coupon and mail it to us. It will receive our prompt attention.

BENGUET CONS. AND BALATOC REPORT PROFITS

Annual reports of Benguet Consolidated Mining Co., and Balatoc Mining Co., operating in Philippine Islands, John W. Haussermann, president and general manager, Manila, show that both companies experienced a profitable year during 1935.

San Francisco headquarters are maintained in the Balboa Building, with A. W. Beam, and M. H. Gerry, purchasing agent, in charge.

Net profit was 7,302,277.50 pesos, including 3,272,735.70 pesos received as dividends from Balatoc. Ore of 276,187 tons of an average value per ton of 18.38 pesos (gold at $20.67 and silver at mint price) was treated, gross value being 8,632,056.33 pesos.

Net profit of Balatoc was 6,337,750.18 pesos. Ore treated totaled 431,099 tons of an average value per ton of 17.36 pesos (gold at $20.67 and silver at mine price), with a gross value of 12,544,342.16 pesos.

F. O. Hausserman is vice president and assistant general manager for both companies. Other directors of Benguet are A. W. Beam, M. M. Saleeby and A. F. Duggleby. Other directors of Balatoc are J. W. Ferrier, Syrena McKee and A. F. Duggleby.

Notice of Election

Notice is hereby given that a MAY PRESIDENTIAL PRIMARY ELECTION is to be held in the County of NEVADA, STATE OF CALIFORNIA, on Tuesday, the 5th day of May, 1936, at which election delegates are to be elected by each political party to represent the State of California in the next National Convention of their respective parties; said political parties are to elect the following number of delegates:

REPUBLICAN PARTY	44 DELEGATES
DEMOCRATIC PARTY	48 DELEGATES
SOCIALIST PARTY	7 DELEGATES
PROHIBITION PARTY	44 DELEGATES
COMMUNIST PARTY	16 DELEGATES

and that hereinafter under the designation of each of the political parties entitled to participate therein there is stated the name and address of each person for whom nomination papers have been filed in the office of the Secretary of State and who is entitled to be voted for in the above named county, at such election, as delegate to the next national convention of that party under which his name hereinafter appears; and that hereinafter under the name of each party, and under the name of the person for whom a preference as nominee of such party for President has been expressed, there is stated the name of each of those candidates for delegates who has filed a statement of preference for such person and has been endorsed as such candidate as required by law, and who may be voted for as one of a group, and also the same of each candidate for delegate who has filed a statement of preference, and who has been endorsed as such candidate as required by law, and who may be voted for but not as one of a group; and under each party there is also stated under the words "No preference" the name of each candidate (other than a group candidate), who has filed no statement of preference and who has not been endorsed as required by law, or who is deemed unendorsed by reason of the state campaign committee endorsing him having been repudiated, but who may be voted for at said election; and the names of such candidates will appear upon their respective party ballots at said election in such groups or individually as hereinafter set forth:

To contact some person owning or operating portable air-compressor and light machine drill.

Will give contract for assessment work in the Alleghany District or rent the outfit and work by day.

Ralph L. Garnier
407 East Pico Street
Los Angeles, Cal.

NOTICE OF ELECTION

For Trustees of the Elementary and High Schools

NOTICE IS HEREBY GIVEN to the electors of the Nevada school district, County of Nevada, State of California, that the election of school trustees will be held on Saturday, April 25, 1936 at the Washington school building, in said district. There will be two school trustees elected for the term of three years.

The polls will be open from 1:00 o'clock to 6:00 p. m.

The officers appointed to conduct said election are: Miss Mary Hoskins, Mrs. Belle Douglass and Miss Alma Marsh.

P. G. SCADDEN,
Clerk of the Board.
April 10-13-17-20.

HYDRAULIC MEN MEET APRIL 25 IN MARYSVILLE

The hydraulic miners of Nevada, Placer and Sierra mill hold their next meeting in Marysville.

The meeting will be held in the Hotel Marysville at 2 p. m. Saturday, April 25. Invitations have been sent out to miners throughout the Sierras and many are expected to attend the meeting in Marysville. There is also a large attendance expected from the valley.

The reports at the last meeting showed the contracted yardage to be: Yuba river, for Narrows dam, 337,000,000 cubic yards. Bear river, 109,000,000 yards North Fork of the American, 107,000,000; Middle Fork of the American, 57,000,000.

Reports made to President J. P. Hall of the association showed that some of the districts have been snowed in part of the time and could not be signed up readily. Because of the imperative need for haste to complete the signing up so final action can be taken at Washington, this work will now be speeded. "Pit bosses" have been named to get yardage signed up in each district.

HOT WATER IS HOUSEWIFE'S AID IN ALL SEASONS

Experts who make it their business to study the domestic problem, particularly in regard to housework, find that the most used service in the home is hot water. The result of actual tests made in several widely separated cities shows that, on an average, the faucet is opened 150 times a day.

Someone has to wash a mile of glass in the home every year. Someone must scrub five miles of floors, wash three miles of clothes, an acre of soiled dishes. And, every cleaning operation, whether laundry, dishes, floors, windows or person, is accomplished with from two to twenty times greater ease with hot water than with cold. Hot water, then, is needed practically every hour of the day and often at night.

These calculations being accepted, it follows that the installation of a thoroughly up to date, labor and time saving water heating device becomes not a luxury but a positive necessity to the housewife who would avoid drudgery and so find time for healthful recreation. There are some housewives who still cling to kettle-boiling to furnish hot water for the kitchen purposes, there are others who have installed tank heaters and are content to waste time and labor in their employment. A proper investigation of the modern automatic water-heater should open the way to a realization of the immense advantages of this system over any other.

It is as simple as it is effective. With gas as the fuel, all the housewife need to do is to set the pilot light going and then forget all about the heater so far as any question of care and attention is concerned. The heater works itself. It is equipped with thermostatic control, also automatic, which affords an instantaneous supply of hot water at the required temperature and, at the same time, regulates the heating process, setting it going and shutting it off as conditions require.

RED LEDGE EXAMINED

An examination has been made of the Red Ledge mine at Washington in the last few weeks. This is a high grade property and it is understood samples of ore assayed well.

Mr. and Mrs. Edward King and John Halkyard arrived Friday from McCloud on a brief visit at their old home here.

KEYSTONE MARKET HAS NEW MODERN ABATTOIR

The new abattoir for the Keystone Market, Calanan and Richards, proprietors has been completed and pronounced modern and sanitary by the government inspector. It is located on the firm's property on the lower Grass Valley road.

The building is 22 by 30 and is divided into a killing pen, butchering room where beeves will be dressed and a cooling room. There is also a refuse room adjoining the butchering compartment.

The boiler room is provided so that hot and cold water will be available and there is also a shower bath and toilet adjoining the boiler room. The building is the last word in sanitation and strictly in accordance with the stringent specifications of government and state authorities.

A government inspector visited the building recently and pronounced it one of the most modern and sanitary buildings of the kind which he has seen. These inspectors make monthly trips for inspection of such buildings when stock slaughtering is done.

The walls of the building are constructed of concrete for a distance of six feet above the foundations. Above the concrete the remaining height of the walls is tongue and grooved lumber which is covered with galvanized iron sheeting to the ceiling. All floors are of concrete.

This makes it possible to thoroughly clean the various rooms with the scalding hot water piped on them cleaning them thoroughly.

Government regulations require that men doing the killing and butchering will take a shower bath before and after their work.

The killing room is a small narrow chute next to the butchering room and the animal after being killed can be rolled into the room, which is equipped with pulleys to expedite the handling of the animal for dressing after which it slides along a track into the cooling room which is thoroughly ventilated to expedite the cooling of animals after they are slaughtered.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, April 20.—Fred J. Harges of Newcastle was in town Thursday on a short business visit.

William Lee, engineer of the forest service of Nevada City was in town on official business Thursday.

Frank Quigley passed through town Tuesday from Southern California enroute to his old home at Downieville.

Charles H. Greene of Grass Valley was in town on a short visit on Thursday. Charley, the amiable Standard Oil driver has been off the road for the past two months due to a serious operation. He is much improved and his many friends will be glad to see him back on the run.

Mr. and Mrs. Fred C. Kendall and Miss Merle Horwege of Hammonton arrived Friday on a short visit to their old home here.

Julius E. Pauly and A. H. Behrens motored to Marysville Friday on a brief business visit.

Dr. Carl C. Sutton of Downieville was in this section Friday on professional visit.

Among those recently afflicted with the flu included Mr. and Mrs. Fred J. Joubert and Lawrence E. Turner.

Mr. and Mrs. Edward A. Espinosa and family left Wednesday for San Jose on a short visit with relatives.

Mrs. Kate E. Huckins of North San Juan was in town Wednesday on a short visit.

H. A. Aldrich left Wednesday for Auburn on a brief business visit.

Mrs. Amelia Cunningham, North San Juan merchant, was in town on a short visit Wednesday.

Jack Humphrey left a short time ago for the vicinity of Greenville where he will be employed.

H. A. Benthusian left Wednesday for Sacramento on a short visit.

P. P. Awalt of Grass Valley was in town on business Wednesday.

James B. Titus arrived Friday on a short visit to friends in this section.

Mr. and Mrs. Leo W. Chatfield arrived Friday from Strathmore on a short visit here.

Wm. Richards of Oakland was in town on business Friday.

W. H. Cartwright and Winfield Foss of Grass Valley passed through Thursday from Sacramento enroute to Sierra City.

Safety Inspector Ross of the WPA at Sacramento was in town Friday on official business.

Earl Warren, district attorney of Alameda county and Leon O. Whitsell, railroad commissioner of San Francisco, was in town Friday visiting friends.

"Private Property—No Trespassing" signs for sale at the Nugget Office.

DEPOT HILL GRAVEL MINE

Mr. James Joubert of Camptonville was a Nevada City visitor Saturday. He stated to a reporter that he has one monitor operating one shift of nine hours, at his Depot Hill mine. This property is located on the old channel that originates near Gibsonville and is the same one the Brandy Wine, Scales and LaPorte gravel mines are working on. Mr. Joubert also stated it has been an exceptionally good year for hydraulicking as there has been an abundance of water and it will be a longer season than usual. Five men are employed.

PROBE RECOMMENDED

The coroner's jury Saturday recommended further investigation in the killing of Mr. and Mrs. Jos. Harvey last Wednesday night.

Nevada Theatre

MONDAY

ANYTHING GOES—Broadway's latest favorite musical comedy, a Crosly honey and a Ruggles funny. Its got the swing, the songs, the wise-cracking, dancing and the large laughs that Bing Crosby brings. Also a Pop-Eyed comedy and March of Time.

TUESDAY AND WEDNESDAY

WOMAN TRAP—Living dangerously, reporter and a girl undertake to run down a mobster hide-out. They are caught, the girl held for ransom. How the two lovers escape provides a thrill in every foot of film. Gertrude Michael and George Murphy are the stars.
